30 Academic Credits

to your current MBA course
credits

About the Programme

The European Global Institute of Innovation & Technology (EU Global), Malta Europe introduces a forward-looking academic collaboration model aimed at integrating research-based global management education within India's rapidly evolving higher education landscape and transforming the knowledge and skills imparted in the persisting Masters in Business Administration degree programmes. This degree offers you an opportunity to earn a dual MBA (one national, one international) entirely online, without the need for relocation, entrance exams, or heavy financial investment.

Why Choose This Dual Degree MBA?

Scholarship for Current MBA Students

Many students spend ₹20–40 lakhs to pursue higher education abroad. However, through this innovative academic collaboration programme, you can access the same world-class management curriculum at just 10–15% of that cost. With dedicated scholarship opportunities, you gain international exposure and top-quality education while studying right here in India.

Globally Recognized International Degree

On successful completion, you earn an international MBA degree that has WES-equivalence and is globally recognized, adding significant value to your profile for both career opportunities and higher studies worldwide.

Enhanced Exposure to International Pedagogy

Learn through the teaching methods followed in top international universities while staying in India. This equips you with practical knowledge, cross-cultural perspectives, and global business insights, without the expense and hassle of relocating abroad.

Real Industry & Research Experience

Go beyond classroom theory with a research-based Capstone project focused on solving real-world business challenges. This project builds your problem-solving and analytical skills while strengthening your resume with practical, research-driven experience.

Additional Credits & Academic Advantage

Stand out academically by accumulating additional credits alongside your Indian MBA. This not only deepens your knowledge but also distinguishes your profile when applying for global roles or pursuing further academic endeavors.

Flexible for Work and Study

Designed in a fully online format, the programme is ideal for busy professionals. Whether you're working full-time or already pursuing your Indian MBA, you can balance both effectively without disrupting your career.

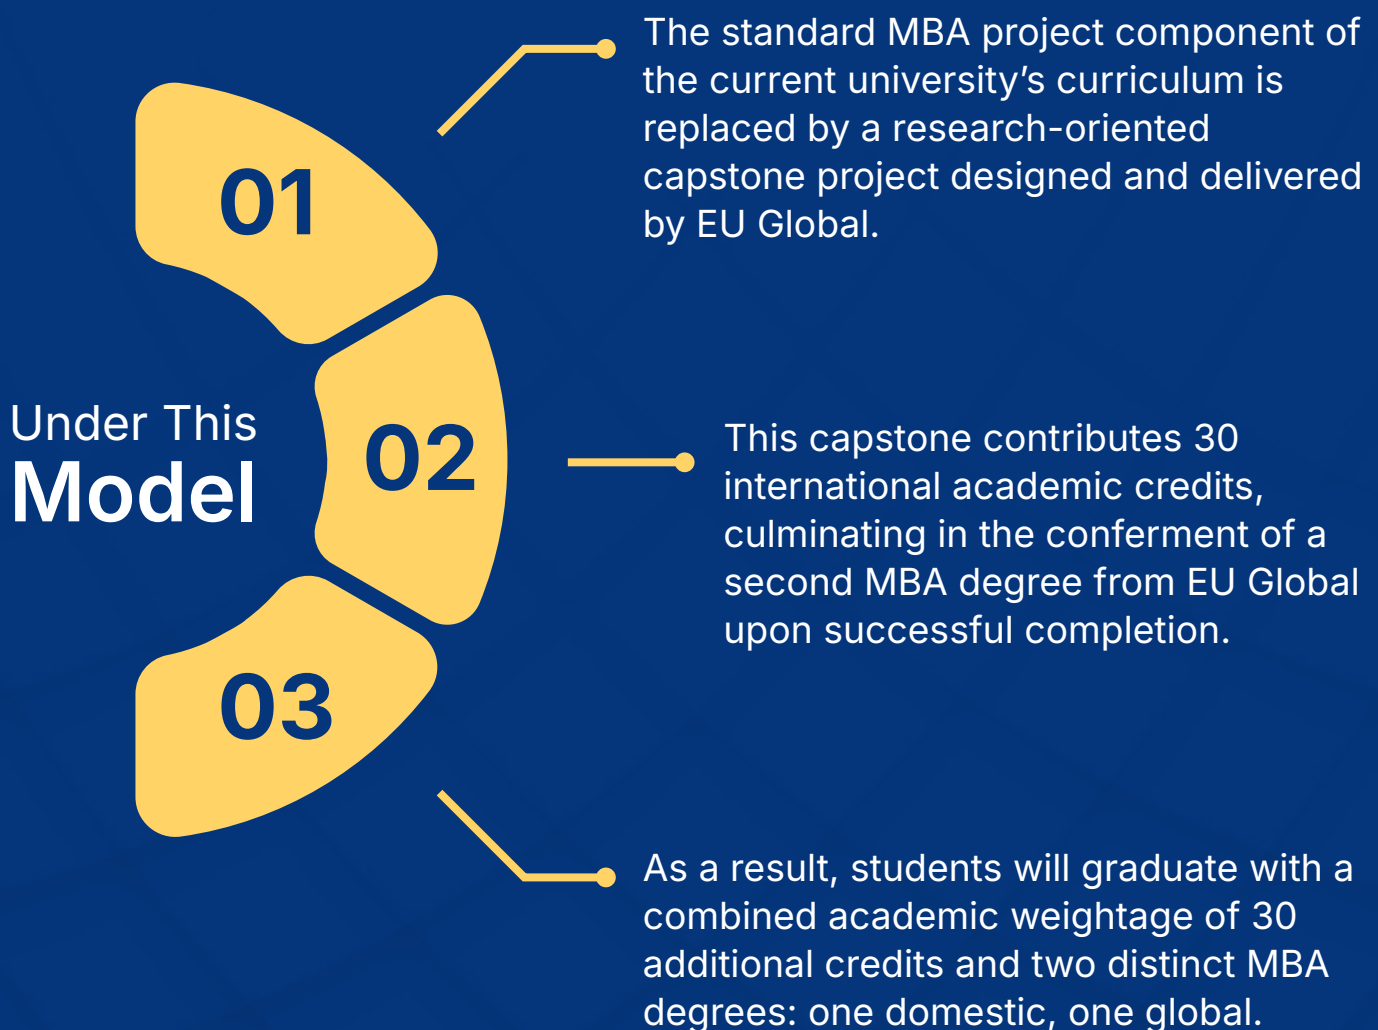

Faster Career Growth

Dual MBA graduates are seen as high-potential leaders. On average, they step into leadership roles 1.5x faster and are strongly preferred by multinational companies for their global mindset and exposure.

Programme Structure

Students currently enrolled in Indian University's Online MBA are eligible to opt into the Global Research MBA initiative beginning Semester 4.

Who can Enrol?

This opportunity is exclusively available to students who are:

- Currently enrolled in Indian University's Online MBA Programme, and
- Entering or currently in Semester 4 of the programme
